Ends Winter's Troubles.

To many, winter is a season of trouble. The frost-bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Bucklen's Arnica Salva. A trial convinces. Greatest healer of burns, boils, piles, cuts, sores, bruises, eczema and sprains. Only 25c at the Red Cross Pharmacy.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Say so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English; or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE TRUE TEST

Tried in Barre It Has Stood the Test.

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Barre. Kidney sufferers can hardly ask for stronger proof than the following:

L. W. Rowell, 37 Jefferson, St. Barre, Vt., says: "I have no hesitation in endorsing Doan's Kidney Pills for they are a beneficial remedy for backache and other kidney disorders. For several years I was annoyed by kidney complaint, the principal symptom being pain in the small of the back. There was soreness across my kidneys and other evidences of kidney trouble were present. Having heard a great deal about Doan's Kidney Pills, I decided to give them a trial. I used the contents of two boxes and at the end of that time I noticed a change for the better. I continued taking this remedy until the pains entirely disappeared." Statement given Sept. 8, 1908.

Always Effective.

On May 24, 1911, Mr. Rowell said: "I am pleased to confirm my former statement endorsing Doan's Kidney Pills. I have occasionally used this remedy and it has always given me the best of results. I consider Doan's Kidney Pills a valuable kidney medicine and I cheerfully recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

One Jail Prisoner, Out at Work, Bought Liquor For Another.

Joseph Parent, a jail prisoner, was arrested Saturday on the charge of furnishing liquor to Timothy Connors, another prisoner, but was released in \$300 bail, the case being continued to give time for securing further evidence. Sheriff Lawson overheard the plans of the men and is said to have seen money given to Parent, after which he departed and returned later with the booze.

The transaction took place below the freight house and the officer, concealed in a box car, could see and hear. He took Parent and Connors and two companions to jail. Parent will probably be given a severe sentence.

FURTHER CONTRACTION.

New York, New Haven & Hartford Leases Large Properties.

New Haven, Conn., Dec. 12.—The New York, New Haven & Hartford Railroad company has in the form of a sub-lease practically divested itself of the large electric and gas company acquired years ago when the Connecticut Railway and Lighting company was leased. The new lease is made to a corporation entitled "The United Electric Light and Water company," which is a corporation to represent the United Gas Improvement company of Philadelphia and almost the same group of financiers who originally promoted the Connecticut Railway and Lighting properties and who now take them back in part under the sub-lease, which runs for 994 years at a rental of \$369,994 a year.

This step of the New Haven company, it is stated officially, is in pursuance of a policy which from time to time has been strongly urged by members of the board of directors. It comes on the heels of the proposed transfer of navigation properties and of the Ontario on the part of railroad corporation.

FELL BY WAYSIDE.

Lorimer Witness Off Water Wagon in Washington.

Washington, Dec. 12.—William Z. Russell of Chicago, one of the legislative committee of the Illinois Federation of Labor at Springfield, was a witness before the Lorimer investigating committee of the Senate yesterday morning.

Russell, who is one of those called by the Lorimer side, was on the stand Friday, and was expected to appear Saturday. He was not present Saturday, and was compelled to tell why. After a good deal of wrangling and sparring, he was forced to admit he had too much to drink. He denied that he had had any liquor yesterday, and said he had not taken a drink for a year until this Washington visit.

Russell told the committee about a conversation he had had with Charles White, in which White proposed to him to take pictures of members of the legislature in hotels, saloons, and other places, in compromising positions, and then go about the state giving screen views and lectures on the pictures. He said he argued with White to show him there was no money in it.

ACQUITTED OF CHARGE.

Christian Scientist Not Guilty Under Ohio Law.

Columbus, O., Dec. 12.—After a trial which consumed two days, Mrs. Eva Earl, a Christian Science practitioner of Columbus, was acquitted Friday evening of the charge of violating the medical practice act of the state. Ohio has a statute which is interpreted by the supreme court of the state makes the practice of Christian Science healing without a license a crime where a fee is charged or accepted.

Mrs. Earl was arrested for the alleged violation of the state law on complaint of Dr. Watson, the secretary of the state medical board.

The state contended that Christian Science practice was by the law a practice of medicine and that the acceptance of compensation rendered the practitioner liable to penalty. The defense claimed, in the face of the statutes and the supreme court decision, that Christian Science practice was not medical practice, but the practice of a religion.

The jury reported a verdict of acquittal.

Jennings was placed under \$25,000 bail, which he secured.
